

University of Virginia
Minimum Entry Levels, Effective July 1, 2012

This 2012-13 schedule establishes:

- 1) the minimum entry level for new faculty hired for the 2012-13 academic year.
- 2) the base salary for a chaired professor (amounts above are supplemental and can be endowment-supported).
- 3) the minimum salary required to be paid to clinical faculty by the University for those faculty to qualify as full-time.

The minimum entry levels are incremented each year for any upcoming state authorized salary increase. It is not incremented for supplemental salary increases approved by the Board of Visitors. [Since there has not been a state authorized increase in recent years, these minimum entry levels have not changed since 2008-09.]

This schedule does not set a minimum salary level for faculty.
