COMMUNICATIONS

September 2022

What's the latest news?

Workday 2022

Release: To always improve functionality, Workday releases new features and enhancements every year. The Sept. 10th Release focuses on improving user experience such as offering new enhancements and increased customization. Learn more [here](#).

Office Hours: Topic-based office hours continue through September. Sessions include reporting and dashboards, payroll, FDM request process, account certification, and other popular topics, plus new additions such as the Workday Release and the Tuition and Fee Proposal Tool. Find sessions [here](#).

New T&F Portal:

Continuous Improvement is part of Finance Strategic Transformation and as such, the Office of Financial Planning & Analysis delivered an improvement around the 2022-2023 Tuition and Fee request process. Find more information [here](#).

FDM Requests

The FST Finance Team officially opened the ability for schools/units to request new values, edits to existing values or the deactivation of existing values on select FDM Worktags. Using the Worktag Request Template, schools/units can request Projects, Cost Centers, Programs and Activities, as well as their corresponding hierarchies. Instructions are available to aid in completing the template. More information is available [here](#).

WFST

Multitaskers rejoice! [Listen to our biweekly FST update.](#)
